# Renaming an email recommendation

To rename an [email recommendation](#):

1. In the Frosmo Control Panel, select **Data Management > Recommendations > Email Recommendations**.
2. In the email recommendations list, find the recommendation you want to rename, and click its name.
3. In the email recommendation settings view, in the upper right corner, click the quick menu button, and select **Rename**.

4. Edit the recommendation name.
5. Click **Save**. The recommendation is renamed.
